Linda Lloyd Named Acting Assistant Superintendent

When Assistant Superintendent for Business and Operations Janet Stailey went on medical leave Superintendent Eddy Laird assumed her duties. In order to ensure continuing "smooth" operations and staff support, ISD's Management and Consulting Teams determined that it was necessary to temporarily fill the position.

Through the collaborative efforts of Assistant Superintendent for Education Rachel Stone and Vocational and High School supervisors, it was decided that Vocational Supervising Teacher Linda Lloyd will assume Ms. Stailey's duties on a short-term basis. She will continue to work part-time in the Vocational Department with the assistance of Teacher Susan Hocker. High School Supervising Teacher Bob Kovatch will also be available for support to the Vocational teachers and students.

The Management and Consulting Teams wish to thank the ISD community for the support and understanding necessary during this emergency.

Student Employee of the Week

Brandye DeHoniesto works at C & M Contract Services, 5125 West 78th Street. She works a two-hour shift each afternoon, Monday through Friday. Brandye works with a group of people who do production work. Her major responsibility is preparing and packaging electrical wires such as extension cords.

Brandye has acquired several skills by working in an off-campus location. She has become more independent and ready to accept challenges. She has a very strong work ethic, cooperates with coworkers, and maintains an excellent attitude. Congratulations Brandye, keep up the good work.

0 - 3 Program Seeks Donations

ISD's 0 - 3 Program is seeking donations of nice furniture, particularly lamps, to help outfit the program's new quarters. One of the large rooms in the former Preschool dorm is the program's "classroom". Plans call for the room to resemble, as nearly as possible, a home environment. The room will be divided into four parts - living room, bedroom, play, and art/kitchen. The program has also incorporated the smaller former "dorm living rooms" on either side of their classroom. One room will become a parents' room where family member may stay during the school day if necessary. The other room will be used for counseling and guidance, parents' ASL classes, viewing ASL and culture videotapes, etc.

Eleven students are currently enrolled in the program.

Cash donations will also be gratefully accepted. All donations are tax deductible and will be previewed before acceptance.

Color scheme - mauve, rose, hunter green.

For further information contact 0 - 3 staffers Diane Hazel, Glenda Zmijewski, or Louise Fitzpatrick, (317) 924-8416 TTY/Voice.

Middle School Classes Raise Funds for Refugee Children

Middle School teacher Carol Keller's reading classes are studying immigration. In conjunction with this study the classes will be raising money for refugeechildren in Indianapolis. This activity is sponsored by Exodus, the local chapter of the Church World Service Refugee Program. The program, a project of the National Council of Churches, has been contracted by the U. S. State Department to help refugees in the transition to life in America.

The funds collected will be used to buy school bags and fill them with paper, pencils, and other school supplies. If a sufficient amount is raised, clothes, toys, and other "necessities" may also be purchased.

Plans include bake sales and selling chances (for lunch with Superintendent Laird, a visit with former Indy racer Derek Daly, monkey bread and other sweet treats.) These events will occur during February and March and will be advertised - watch for further developments!

Donations will be gratefully accepted. For more information contact Middle School Teacher Carol Keller, (317) 924-4374 ext. 133.

Library Notes

Central Library Celebrates Black History Month

February has 28 days full of interactive choices of historical significance for celebrating the proclamation of Black History Month in Indianapolis. The Central library's first and second floor galleries are dedicated to an annual exhibit of African-American artwork and historical memorabilia organized by the library's African-American History Committee.

Meet the Artists V provides an opportunity to experience the revelations and personal insights from an event, object, or interaction, as expressed by a group of fifteen selected entrants. Each person who attends the exhibit will be interacting with a moment in the history of Indianapolis and the achievements of its citizens -- especially African-Americans. The Grand Opening Reception for the exhibition will be Friday, February 5th at the Central Library, 40 East St. Clair, 6-9 pm. The event is free and open to the public.

The Library's Riley Room will feature a display of art by Indianapolis' youth involved in the ArtReach program. Art was selected from participants in a class taught by local artist Anthony Radford. ArtReach provides an opportunity for youth in federally-funded housing projects to learn and express positive insights about themselves through art and role models. This **free** program is offered after school and on Saturdays for children between eight and fourteen years old. The project is sponsored by the Indianapolis Art League in conjunction with the city's Department of Metropolitan Development.

Dear Parent/Guardian:

In a collaborative effort with the ISD-PTCO, ISD wants to encourage communication between families whose children are enrolled at ISD. Contacts between parents and/or students are often found to be beneficial. At this time, without a directory, ISD is not able to provide directory information unless parental consent is granted. I would like to take the opportunity to invite you to be listed in the directory.

Please complete the attached form by February 15, 1993 and return it to my office. If there is a significant number of responses, ISD will publish the directory at no cost to you and will be make it available to anyone who requests it.

I will keep you abreast of the progress of the directory through the Campus Bulletin. Thank you for providing information for the directory.

Sincerely,

Eddy F. Laird
Superintendent
